• 1. Executive Summary & Positioning

Hearthlily (晴萱) operates on an ****ultra-premium, low-volume, high-margin private family office model****. Instead of commodity hourly chores, we sell ****absolute reassurance, dignity, and visual family connection****.

By capping clients at ****12 active families**** per year, the business guarantees top-tier curation, zero burnout, and excellent margins. The service is built specifically for overworked Taipei corporate leaders or members of the Taiwanese diaspora in North America/Europe who need a trusted peer-level representative to manage their parent's digital security, lifestyle, and health.

"When you can't be there, we can. Stay close, even from afar."

• 2. Market & Timing

- **A Super-Aged Reality:** Taiwan is a super-aged society. **Taipei City has the highest concentration in the nation: 24.18% of residents are 65+** (nearly 1 in 4).
- **The Private Wealth Market:** High-net-worth senior households in districts like Da'an and Xinyi possess massive capital but face technological exclusion, digital security threats, and social isolation.
- **Félicia's Moat:** Visual storytelling, professional design-led updates, and digital safety coaching. The brand's tech value is anchored by the ****Hearth Score™**** and the secure ****Family Hub**** portal.

• 3. Memberships & Setup Packages

Family Assessment NT\$30,000 A mandatory 30-day setup phase: • Full device security audit & scam defense setup. • First wellness & lifestyle baseline profile creation. • Atelier alignment workshop with adult children. • Family Hub portal account activation.
