Hearthlily — 晴萱

PREMIUM SENIOR LIFESTYLE CONCIERGE

An elegant, non-medical boutique care service built for independent elderly residents of Taipei, sold to their adult children who value trust, communication, and dignity.

 **Founder / Lead:** Félicia (Design & Operations)

 **Location:** Taipei City, Taiwan

 **Target Client:** Affluent Native Families

 **Tech Support:** Morgan (Systems & Infra)

• 1. Executive Summary & Positioning

Hearthlily (晴萱) bridges the open middle ground in Taipei's elderly care market. Instead of competing with basic, high-churn hourly care agencies or heavy clinical live-in caregivers, Hearthlily offers high-trust companionship, digital safety coaching, medical accompaniment, and spatial reorganization.

The service is sold to the **35–55 "sandwich generation"** of adult children (including overseas Taiwanese) who carry the cultural obligation of care (filial piety) but lack the daily time. They are not buying a basic chore broker; they are buying their parents' dignity and their own peace of mind.

"The premium concierge you would want for your own parents."

• 2. Market & Timing

- **A Super-Aged Reality:** Taiwan officially became a super-aged society at the end of 2025 (over 20% of the population is 65+). **Taipei City has the highest concentration at 24.18%—nearly one in four residents.**
- **Saturated Public Sector:** The government's public system (LTC 3.0) is strictly means-tested, resource-constrained, and targets only severe physical or cognitive disabilities. Active, independent seniors are left unserved.
- **Félicia's Moat:** As a Taiwanese native, Félicia overcomes the trust barrier. Her background in UX and interior design allows her to design a professional family reporting system (UX Family Report) and offer specialized spatial reorganization.

• 3. Service Portfolio & Pricing

À-la-carte Hourly

NT\$700/h

Comprehensive active support:

- **Medical accompaniment:** Booking, transit, sitting in consultations, and writing summaries.
- **Digital safety:** App setups and senior-scam prevention.
- **Admin Support:** Paperwork, errands, and subsidy navigation.

**Note: 4-hour minimum applies to one-off bookings.*

Spatial Reorganization

NT\$25k-
50k

A premium design-led home overhaul:

- Decluttering and downsizing.
- Ergonomic and fall-proof restructuring.
- Adapting living spaces for longevity without sacrificing aesthetic quality.

Monthly "Peace of Mind" Retainers (Subscriptions)

Retainers form the recurring core of the business, enabling families to secure consistent care. Retainer clients bypass the 4-hour minimum policy, allowing for flexible, shorter check-ins.

TIER	PRICING	INCLUSIONS
Silver Retainer	NT\$10,000 / mo	~3 visits per month, bi-weekly digital check-ins, and a standard monthly report.

TIER	PRICING	INCLUSIONS
Gold Retainer	NT\$18,000 / mo	~6 visits per month, priority booking, and the signature UX Family Report .

The Moat — The UX Family Report: A proprietary, beautifully designed digital summary sent to Gold subscribers. It catalogs visit details, emotional engagement, safety status, and actionable recommendations. It turns Félicia's design eye into a tangible, high-value corporate artifact that adult children eagerly share and archive.

• 4. Operations & Safety Standards

- **Premium Transport Policy:** To maintain a premium image and guarantee safety, **seniors are never transported on scooters**. All travel during sessions utilizes pre-booked taxis or premium ride-hailing services. The costs are directly linked and charged to the client's card as a pass-through expense.
- **Zero Cash Handling Policy:** Staff never handle cash, checkbooks, or bank credentials. All errands and reimbursements are processed through digital local rails (LINE Pay, ECPay, or NewwebPay) to eliminate liability.
- **Three-Part Legal Onboarding:** Every contract includes:
 1. A lawyer-drafted *Non-Medical Co-Responsibility Agreement*.
 2. An *Emergency 119 Protocol Form* to authorize immediate hospital transit.
 3. A *Financial Boundary Policy* document.
- **Strict Scope Boundary:** Complete the local Care Attendant (照顧服務員) certification to build trust, but enforce a strict non-medical boundary (no injections or clinical care).

• 5. Two-Channel Marketing Strategy

Marketing targets native Taiwanese families through two distinct channels:

1. Acute-Need Channel (Volume)

Focuses on high-intent leads at the moment the family faces a care emergency:

- Hospital discharge-planning units (出院準備服務).

2. Wealth Channel (Positioning)

Builds brand authority and secures high-ticket projects:

- Private wealth managers and family offices in Da'an/Xinyi.

- Local neighborhood clinics and rehabilitation centers.
- Pharmacies and medical supply outlets.

- Estate-planning and elder-law firms.
- High-end clubs and community hubs.

• 6. Financial Summary (Solo Unit Economics)

A solo operator's capacity is constrained by time: a maximum of **26 billable hours/week (~112 hours/month)**. Retainer visits and hourly bookings are drawn from this same pool.

REVENUE STREAMS (MONTH 9+)	AMOUNT (NT\$)
Service Revenue (112 billable hours @ blended NT\$680/h realized rate)	76,000
Spatial Reorganization Projects (Averaged at ~1 project per month)	20,000
Expected Monthly Gross Revenue	96,000
Operating Expenses (Accountant, Insurance, Software, Local Marketing)	-16,600
Income Tax Provision	-9,000
Expected Net Profit (Solo)	~70,000 – 90,000

• 7. 90-Day Launch Roadmap

1

Days 1–30: Legal, Credentials & Brand Foundations

Register the LLC and open business accounts. Enroll in the 90-hour care-attendant course. Secure professional liability insurance. Draft the three onboarding contracts with a local lawyer. Design the UX Family Report template and configure the booking portal.

2

Days 31–60: Channel Integration & First Clients

Deliver partner pitch decks to 15–20 acute-need contacts (hospitals, clinics) and 5–8 private wealth/law firms. Launch content campaigns highlighting senior scam-prevention and home safety. Land your first 3 paying clients.

3

Days 61–90: Delivery, Retention & Playbook System

Deliver exceptional service, convert initial one-offs into Gold retainers, and distribute your first UX reports. Conduct one free community seminar on elder scam awareness. Complete your first spatial reorganization project and write the operational playbook to prepare for hiring in Year 2.
