Hearthlily — 晴萱

PRIVATE FAMILY OFFICE FOR AGING

"When you can't be there, we can."

*Care, dignity, and peace of mind for the people who raised
you.*

 **Founder & Creative Director:** Félicia

 **Location:** Taipei, Taiwan

 **Version:** V4 – Final Strategic &
Operational Plan

 **Date:** June 2026

• Executive Summary

Hearthlily is an **ultra-premium, design-led Private Family Office for Aging** based in Taipei. We do not sell caregiving hours or domestic help. We sell ****absolute peace of mind, dignity, and visual connection**** to affluent families — particularly those with members living abroad.

By acting as a trusted, high-touch local representative, we help families manage the aging of their parents with clarity, confidence, and elegance.

Core Model

- Limited to a maximum of **12 families** (scarcity as a feature).
- High-touch, subscription-based membership.
- Strong emphasis on ****design intelligence**** (beautiful reporting) and ****ethical technology**** (co-learning rather than surveillance).
- Founder-led in Year 1 for maximum quality and relationship depth.

Mission: *Preserve independence, dignity, and intergenerational connection during aging — through human trust, intelligent systems, and beautiful communication.*

• The Problem

Taiwan is one of Asia's fastest-aging societies. Taipei has one of the highest concentrations of residents aged 65+ in the country. Several structural trends create a painful gap for affluent families:

- **Shrinking family support** — Many parents now have only one child, often living far away.

- **Geographic separation** — Adult children in the US, Europe, Singapore, or Japan experience constant guilt and anxiety.
- **Digital vulnerability** — Seniors are increasingly targeted by sophisticated scams (LINE, banking, impersonation).
- **Emotional isolation** — Loneliness accelerates cognitive and physical decline.
- **Information asymmetry** — Families often discover problems too late because they lack reliable, nuanced visibility.

Current Inadequate Solutions

- **Domestic helpers** — Good for chores, poor at judgment and reporting.
- **Traditional care agencies** — Transactional and focused on dependency.
- **Doing it remotely** — Leads to burnout, guilt, and anxiety for the children.

The market gap is clear: There is no premium service that combines high emotional intelligence, design quality, and operational rigor between basic caregiving and a full family office.

• Our Solution: Private Family Office for Aging

Hearthlily becomes the family's **trusted local representative** — a discreet, intelligent, and aesthetically refined partner. We integrate five core pillars into one seamless service:

PILLAR	WHAT WE DELIVER	OUTCOME FOR THE FAMILY
Physical Safety	Home hazard detection, fall prevention, mobility support	Reduced risk of crisis
Vitality	Monitoring of energy, appetite, cognition, and routines	Early detection of decline
Connection	Companionship, outings, social stimulation, facilitated family calls	Reduced isolation
Digital Security	Co-learning scam defense, device simplification, password safety	Protection without infantilization
Clarity & Connection	Beautiful, structured reporting + Family Hub	Peace of mind and visibility

• Founder Story

Hearthlily was founded by **Félicia**, a Taiwanese designer and systems thinker with deep expertise in UI/UX and human-centered design.

She observed that affluent families don't just need care — they need **visibility, trust, and interpretation**. Traditional services fail to translate the subtle, day-to-day reality of aging into something clear and emotionally reassuring for distant children.

Her design background allows Hearthlily to transform intangible care into **visible intelligence** — through elegant reporting, thoughtful rituals, and a brand experience that feels like an extension of the family itself.

• Membership Model & Pricing

Hearthlily deliberately limits capacity to protect quality and exclusivity. **Annual Scarcity Policy:** Maximum 12 new families accepted per year.

Legacy	NT\$100,000+	Highest need	Daily presence, 24/7 liaison, family governance, legacy archiving, priority response.

• Digital Safety: Co-Learning Model (Ethical Core)

We have rejected intrusive monitoring models. Instead, we practice **Digital Literacy & Scam Defense Co-Learning**:

- We work **with** the senior (not on them).
- Joint configuration of tools (e.g. Whoscall, large contrast keypads).
- Review of suspicious messages together.
- Role-playing exercises to build confidence.
- The senior remains in control and feels respected.

Progress is documented positively in the UX Family Reports (e.g., **“Mrs. Lin independently identified and declined a suspicious message this month”**). This approach is ethically sound, legally safer, and actually deepens trust.

• Brand Identity & Creative Territory

Name: Hearthlily — 晴萱 **Positioning:** Private Family Office for Aging **Core Metaphor:** *“Disperse the clouds so the flower can bloom.”* (Disperser les nuages pour que la fleur s'épanouisse.)

Visual System (designed by Félicia)

- **Hero element:** Elegant, minimalist line illustration of the Daylily (萱草).
- **Color palette:** Warm daylily orange, soft cream, deep teal, clean white.
- **In reports:** The flower is the constant brand signature. A simple “Weather of Serenity” system (sun / partial cloud / overcast) gives an instant emotional overview of the month.

• Operations & Risk Management

- **Transport:** Only premium taxis or chauffeured vehicles (never scooters). Billed as pass-through.
- **Cash & Credentials:** Strict zero-handling policy. No access to banking pin codes or credit cards.
- **Insurance:** Professional liability + accident coverage (minimum NT\$5–10M limits).
- **Founder Protection:** All processes documented in the **Hearthlily Operating Manual** (SOPs, tone of voice, escalation matrices) — ready for future team members.

• Distribution & Go-to-Market

We prioritize warm, high-trust channels rather than cold digital acquisitions:

- **Tier 1 (Priority):** Luxury residential towers in Da'an & Xinyi (amenity pitch).

- **Tier 2:** Estate lawyers & family offices (inheritance, power of attorney, succession planning).
- **Tier 3:** Boutique clinics and private wealth advisory teams (Taishin, Fubon, E.Sun).

• Financial Model (Three Scenarios)

Target in Year 1: **6–8 families** (founder-led solo operator).

SCENARIO	FAMILIES	MONTHLY GROSS	MONTHLY NET (EST.)
Conservative	4 (2 Essential + 2 Signature)	~NT\$170,000	~NT\$120,000
Expected	6 (3 Essential + 2 Signature + 1 Legacy)	~NT\$330,000	~NT\$250,000
Optimistic	8 (4 Essential + 3 Signature + 1 Legacy)	~NT\$480,000	~NT\$360,000

• 90-Day Launch Roadmap (Founder-Led)

- 1 Days 1–30: Foundations**

Register LLC. Complete Care Attendant certification. Build brand identity, activate the Family Hub portal template, and secure the NT\$5-10M liability insurance. Draft contracts and Operating Manual v1.
- 2 Days 31–60: First Clients**

Launch organic content regarding family peace of mind and digital safety. Secure the first 3 members. Deliver first UX Family Reports on the portal and run a small private seminar.
- 3 Days 61–90: Systematization**

Stabilize operations and reporting rhythm. Complete first legacy project. Finalize the Operating Manual SOPs. Review pricing and prepare Year 2 hiring plan based on real pilot data.

• Long-Term Vision (Year 2–5)

Year 1: Founder-led, 6–8 elite families, prove the model and refine the method. **Year 2:** Hire and train 2–3 certified companions. Launch the ****Hearthlily Method™**** (training + certification system). **Year 3+:** Light technology platform. License the Family Hub and reporting system to selected high-quality partners and premium senior residences while maintaining the ultra-premium core service.
